

BUILD BETTER BUSINESS WITH SFG

Capture repeat clients with our fast and simple
Spec Builder Construction Loans

Seattle Funding Group (SFG) is a private, 100% portfolio lender making responsive, user-friendly construction loans to boutique single-family homebuilders throughout the West Coast. Our long standing in-house construction department has established a solid builder base over the past 25 years and helped countless mortgage brokers build their repeat business, as well.

Seattle Funding Group's construction-loan program is known for quick approvals and closings, coupled with efficient construction draw schedules. As a private portfolio construction and bridge lender, SFG does not make permanent or take-out financing loans. This allows our brokers and referrers to capture the value of future business created with such loans.
